**I like to paint and play new games,
Play new games, play new games,
I like to paint and play new games,
At my school.**

**I like to sing and model clay,
Model clay, model clay,
I like to sing and model clay,
At my school.**

**I like to write and read fun books,
Read fun books, read fun books,
I like to write and read fun books,
At my school.**

**I like to explore math and discover science,
Discover science, discover science.
I like to explore math and discover science,
At my school.**
