

## Hey, Lolly

Hey lolly, lolly, lolly  
Hey lolly, lolly, low.  
Hey lolly, lolly, lolly  
Hey lolly, lolly, low.

This is a crazy kind of song,  
Hey lolly, lolly, low.  
You make it up as you go along,  
Hey lolly, lolly, low.

When guys like us start to sing this song,  
Hey lolly, lolly, low.  
It sometimes lasts the whole night long,  
Hey lolly, lolly, low.

First you make up a simple line,  
Hey lolly, lolly, low.  
Then another one to rhyme,  
Hey lolly, lolly, low.

While you catch on, I'll sing a verse,  
Hey lolly, lolly, low.  
Then you do one that's even worse,  
Hey lolly, lolly, low.

I know a man named Mr. Jones,  
Hey lolly, lolly, low.  
When he sings, everybody groans,

Hey lolly, lolly, low.

He sings Hey Lolly day and night,  
Hey lolly, lolly, low.

It never seems to come out right,  
Hey lolly, lolly, low.

I know a girl named Emily,  
Hey lolly, lolly, low.  
She sings "Hey Lolly" in just one key,  
Hey lolly, lolly, low.

Tonight we've chosen another key,  
Hey lolly, lolly, low.  
You won't be hearing from Emily,  
Hey lolly, lolly, low.

The singer you fast the getter it's tuff,  
Hey lolly, lolly, low.  
To line up makes that you won't muff,  
Hey lolly, lolly, low.

Let's put this song back on the shelf,  
Hey lolly, lolly, low.  
If you want anymore you can sing it yourself,  
Hey lolly, lolly, low.
