

A Monster

I want to draw a monster.

I drew a big round, red circle for a face.

Then, two upside down, yellow triangles for my monster's eyes.

One purple diamond I put on, that would be his nose.

A squiggly green line was added for my monster's mouth.

Two blue squares, I drew to complete his ears.

Then, one big, black rectangle I drew for my monster's body.

Two orange triangles, I added for his legs.

Two green circles for my monster's feet.

Next, I drew two green rectangles for his arms.

Finally, I added two, orange circles for my monster's hands.

My monster is complete!
