

Sidewalk Paint

Ingredients

$\frac{1}{2}$ cup of cornstarch

$\frac{1}{2}$ cup of cold water

15 drops of food coloring

Equipment

*bowl

*measuring cup

*spoon

Directions

1. Mix $\frac{1}{2}$ cup of cold water and $\frac{1}{2}$ cup of cornstarch into a bowl.
2. Stir in 10-15 drops of food coloring.

Using

Make as many colors as you want using the same steps. Paint a masterpiece on the sidewalk and water will wash away the paint.
