Fun Word Patterns Check-Up

1. You will need to print off 2 Fun Word Patterns charts.
2. Hand one Fun Word Patterns chart to your child.
3. Point to any of the word patterns and your child can tell you the sound the word pattern makes.
4. Keep track of your child's progress by crossing out the word pattern on a separate chart as they get the word pattern sound correct.
5. Show your child ALL the word patterns they have gotten correct and tell them what a great job they have done. (If your child needs to work on some word patterns; print off the Fun Word Pattern Book(s) and print off the Fun Word Patterns Chart. Make learning the word patterns exciting and your child will master the word pattern sound they need to work on!)
