

Skip Counting Forwards and Backwards

Before Starting

*Run off the Skip Counting Board

*You will need a dice 1-10

Directions

1. One person rolls the dice and goes to that number row and reads off that row of skip counting numbers. Then they have to turn around without looking at the Skip Counting Board and say the numbers again in the correct order. If they say the numbers correctly they get 5 points.
2. Then it is the next persons turn.
3. The first person to get 50 points wins!

Other Games

1. Play in the same way BUT say the skip counting numbers backwards.
2. Make the Skip Counting Board on the sidewalk and each person hops to the next number as they say them. This can be done both forwards and backwards.
