

Take that Number Apart

Before Playing:

1. Run off the number cards 1-100 and cut them up.

Directions:

1. One person picks a number 1-100.
2. The other person has to say 3 combinations of how to make that number.
3. BUT the combinations are first-2 numbers, 3 numbers, and then 4 numbers. (Example: The number is 100. First combination 50+50. Second combination 50+30+20. Third combination 25+25+25+25.)
4. You get two points for two numbers.
Three points for three numbers.
Five points for four numbers.
On one turn you can get a total of 10 points.
5. First person to 100 points wins!
