

## Abacus Addition to 20

### Before Playing:

1. You will need an abacus.

### Directions:

1. Use the first two rows on the abacus.
2. You will use the first 2 rows of colored balls on the abacus.
3. Put \_\_\_\_\_ balls over on the first row.  
Put \_\_\_\_\_ balls over on the second row.  
How many balls are moved over in all?
