

## Abacus Subtraction to 10

### Before Playing:

1. You will need an abacus.

### Directions:

1. Use the first row on the abacus.
2. Put 10 balls over on the first row.  
Push \_\_\_\_\_ ball(s) back on the first row.

How many balls are left?

State the subtraction problem:

$$\underline{\quad\quad} - \underline{\quad\quad} = \underline{\quad\quad}$$

3. Put \_\_\_\_\_ balls over on the first row.  
Say I have \_\_\_\_\_ balls and I am going to  
push back \_\_\_\_\_ ball(s). How many do  
are left?

State the subtraction problem:

$$\underline{\quad\quad} - \underline{\quad\quad} = \underline{\quad\quad}$$
