

Sink or Float

Materials:

large container

water

towels

All kinds of items
(penny, cork, toys,
marker,

spoon, & just about
anything)

Sink or Float Chart

Directions:

- 1) Fill the large container with water.
- 2) Have your child place the item in the water, but before they do they must predict if it will sink or float.
- 3) After they have put the item in the water, they put it under sink or float.
